BACKGROUND

Caltrans completed a Highway Planting project in the same location without using the grandfathered TEA funds programmed in the 1999/2000 fiscal year. The VCTC requests the unused TEA funds be reprogrammed to the Camarillo Rail Station Public Art Project. This project is currently under design and is scheduled to begin construction in Spring 2000. VCTC intends to construct public art enhancements to the station simultaneously with the other improvements, and will therefore be able to obligate these TEA funds within the next few months.
